Department of PG Studies

Report on Industrial Visit

Industrial visit is an important pedagogy of bridging the gap between class room learning and practical application of any subject. An Industrial visit was arranged by Department of PG Studies for a batch of 31 students of I and II year M.com to Sulla Vineyard Chanapatna on 7th September 2021 accompanied by two faculty Mohammed Nawaz and Mr.Banu Prakash.

At 7 am students departed from college and reached Sula Vineyard premise at 11:30 and we were well received by Mr.Gorakh Gaikwad, Associate Vice president of yard and accommodated students in the conference room for brief introduction and history of Sula Vineyard, further he gave an overview of various activities, production lines, departments, processes, products, by products and joint products of vineyard and later Vice president took students to farm where grapes are produced and showed the biological transformation of grapes in farm. Later students were taken to various processes where wine is produced and stored in barrels. Insights were given on storage, warehouses, packing and processing of wine and showed the complete process of converting raw grapes into finished wine. During the visit to different processes students had queries and these were well clarified by Mr.Gorakh Gaikwad.

After the formal visit, students were given an opportunity to go around the plant and look at the activities on their own and certificate of visit were issued to all the students. After a stay of two hours at the yard we were given a send off with thanks and gratitude.

At evening students reached the college and provided their feedback of gaining the practical knowledge at Sulla Vineyard Chanapatna.
